Notes:

Met with Cristi to discuss his progress thus far.

Cristi is completing the majority of his qualification units with ease but has requested mentoring on the following:

AE04 - EK - 21 - How to carry out systematic diagnostic testing of engine electrical and electronic systems using electrical testing techniques.

Candidate Interaction

Certification and Regulatory Organisations, Training Organisations and employers must all interact with a candidate in different ways to measure accomplishment, and ensure high standards of skill development. SkilSure®'s S/NVQ solution allows key organisations to track candidates' progress, and appropriately monitor and support them anywhere, anytime. Being a scalable, hosted, web-served solution, SkilSure® S/NVQ provides 24/7 internet access for all the stakeholders from anywhere in the world.
